## PROFILE

Experienced web developer and journalist seeking a challenging, creative position that uses my unique background and aptitude.

## EXPERIENCE

### Oklahoma Watch — 2012-2013

Webmaster – Maintained previous iteration of website and migrated content to current WordPress site oklahomawatch.org. In such capacity, I implemented numerous front-end and back-end functional changes to the prior site.

Journalist – Designed and implemented web graphics and interactive visualizations. Created and maintained all databases related to investigations. Primary data analyst. Reported on every topic the organization covered.

### Gaylord College of Journalism — 2012-2013

Teaching assistant – Assistant to introductory mass media, multimedia, and interactive multimedia courses in grading and class conduct capacities. Acted as primary instructor for web design course conducting course for primary instructor while on maternity leave.

Research assistant – Data collection for Dr. Jaime Loke.

### Arborlane Collectibles — 2009-2011

Assisted in the operation of an online resale store. Handled customer sales from purchase to shipping through receiving. Maintained customer relations and satisfaction.

### Goddard Health Center — 2007-2009

Front desk receptionist – Receptionist for University of Oklahoma clinic assisting patients in such capacity.

## EDUCATION
